Medical/Health Requirements *for Gateway Dog Training Home Boarding*

Current shot records must include...

- DHLPP
- rabies
- bordatella (boostered every 6 months if administered intra-nasally, yearly if injected)
- must currently be on prescription heartworm and flea preventative
- must have a negative fecal and heartworm test

If your vet has a different vaccination protocol, please ask them to include a note stating their protocol and include it with your vaccination paperwork. Vaccination records may be brought when you drop your dog off.

Note: All dogs over the age of six (6) months must be spayed or neutered, unless they are registered and are currently being campaigned as show or field trial dogs.
